INSPECTION FORM INSTRUCTIONS

To complete your vehicle inspection, you'll need to follow these steps:

1. Print out the Rasier Vehicle Inspection Form.
2. Take the form and your vehicle to an approved mechanic shop. We have listed a number of shops at t.uber.com/cvilibst for your reference.
3. Have the shop inspect your vehicle and fill out the inspection form. Your vehicle will need to pass all fields on the inspection form.
4. Log into your dashboard at partners.uber.com and upload the completed (and passed) inspection form to your account. There is no need to upload the instructions page.
5. Make sure all other documents (Driver's License, Proof of Insurance, and Proof of Registration, and Headshot) are uploaded to your dashboard so we can review any missing documents at the same time. These documents, including the vehicle inspection form, should be kept in your vehicle at all times you are active on the Uber platform.
